

Wiand Dental Lab, Inc. ("Wiand") wants to make paying easy as possible for our clients by providing a liberal payment policy. We encourage our clients to pay by the statement on a monthly basis rather than by each individual invoice. Once your monthly statement is received around the 3rd of the month showing the total of all charges incurred in the previous month, you have until the end of the statement month to pay or 30 days, whichever is longer. All-on-4® cases are discounted at one total price upfront and will be billed to your account the day before surgery. Payment terms are the same. A finance charge of 2% per month (24% per year) will be charged on all past due balances. To avoid a finance charge, we can provide automatic credit card billing for Visa, MasterCard and American Express. Automatic payments are posted on the 1st of each month and a receipt will be mailed to you with your statement. Any credit balance must be used for Wiand lab services within 60 days from the date of issue or it expires.

In order to keep our costs down for you, we cannot finance any past due balances as we have already purchased and paid for the materials necessary to fabricate your product and paid our employees for their labor. For this reason, we require a current credit card on file from all of our clients. For any balance over 30 days, your credit card will automatically be charged the full amount. Please sign in agreement and provide necessary info below. This payment policy may be changed by written notice from Wiand. Thank you in advance for your cooperation and understanding.
